MEMORANDUM FOR THE RECORD

SUBJECT: New DDI Sensitive Intelligence Memos

1. The DI has recently begun issuing typescript memoranda that are deemed unusually sensitive and therefore must be given special handling. Most of these memoranda will be current intelligence memos, although a few will come out as longer typescripts. In all cases, the handling will be the same:

--2 copies will go to SSCI with the NID and are to be returned with the NID.

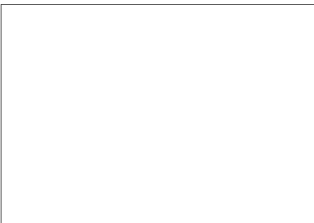

--1 copy will go to HPSCI with similar handling.

--The DI file copy of the document--minus the dissemination sheets--will be made available to the HAC and SAC Defense Subcommittees on a hand-carried basis. OLL House and Senate officers will be notified by the DI rep when a memo comes in for HAC and SAC.

2. Bob Gates, the DDI, has asked that we try to follow the above handling procedures. If the volume of documents makes hand-carrying to HAC and SAC too laborious, he will entertain other recommendations.

DI Rep, Liaison Division
